

# PRODUCT DATASHEET

## Essential Panel Rectangular 1200x300mm 36W 840 White

Essentials Panel | Essential Panels for basic user purposes

---

### Areas of application

- Living areas (living rooms, dining rooms, bedrooms etc.)

---

### Product benefits

- Long lifetime thanks to LED technology
- Excellent price/performance ratio

---

### Product features

- LED ceiling luminaires with aluminum frame
- Lifetime up to 25,000 h
- Type of protection: IP20

---

## TECHNICAL DATA

### Electrical data

|                                                             |               |
|-------------------------------------------------------------|---------------|
| Nominal wattage                                             | 36.00 W       |
| Nominal voltage                                             | 220...240 V   |
| Mains frequency                                             | 50/60 Hz      |
| Nominal current                                             | 175 mA        |
| Inrush current                                              | 0.175 A       |
| Inrush current time $T_{h50}$                               | 860 $\mu$ s   |
| Max. number of luminaires per miniature circuit breaker B16 | 13            |
| Max. number of luminaires per miniature circuit breaker C10 | 13            |
| Max. number of luminaires per miniature circuit breaker C16 | 21            |
| Power factor $\lambda$                                      | > 0.9         |
| Total harmonic distortion                                   | 20 %          |
| Protection class                                            | I             |
| Operating mode                                              | Mains voltage |

### Photometrical data

|                                                |            |
|------------------------------------------------|------------|
| Luminous flux                                  | 3200 lm    |
| Total luminous flux of contained light sources | 4300 lm    |
| Luminous efficacy                              | 89 lm/W    |
| Color temperature                              | 4000 K     |
| Light color (designation)                      | Cool White |
| Color rendering index Ra                       | > 80       |
| Standard deviation of color matching           | 6 sdcn     |
| Flickering metric (Pst LM)                     | <1         |
| Stroboscope effect metric (SVM)                | <0.4       |
| Photobiological safety group acc. to EN62778   | RG0        |
| Beam angle                                     | 110 °      |

### Dimensions & Weight

|                |            |
|----------------|------------|
| Length         | 1195.00 mm |
| Width          | 60.00 mm   |
| Height         | 295.00 mm  |
| Product weight | 1700.00 g  |

PANEL ESSENTIAL 120X30  
36W840 WT

Materials & Colors

|                                            |                  |
|--------------------------------------------|------------------|
| Product color                              | White            |
| Housing color                              | White            |
| Body material                              | Aluminum Steel   |
| Cover material                             | Polystyrene (PS) |
| Glow Wire Test according to IEC 60695-2-12 | 650 °C           |

Application & Mounting

|                                        |                             |
|----------------------------------------|-----------------------------|
| Ambient temperature range              | -20...+40 °C                |
| Temperature range at storage           | -20...+70 °C                |
| Type of connection                     | Terminal, 3-Pole (L, N, PE) |
| Type of protection                     | IP20                        |
| Protection class IK (shock resistance) | IK02                        |
| Dimmable                               | No                          |
| Mounting type                          | Surface                     |
| Mounting location                      | Wall / Ceiling              |
| With light source                      | Yes                         |
| Replaceable light source               | No                          |

Lifespan

|                            |                       |
|----------------------------|-----------------------|
| Lifespan L70/B50 at 25 °C  | 25000 h <sup>1)</sup> |
| Number of switching cycles | 12500                 |

<sup>1)</sup> t[h]: L70 / B50 @ 25 °C (Ta), t[h]: L80 / B10 @ 25 °C (Ta), t[h]: L90 / B10 @ 25 °C (Ta)

Emergency lighting

|                                  |      |
|----------------------------------|------|
| Type of emergency operation test | None |
|----------------------------------|------|

Certificates & Standards

|                                                      |                 |
|------------------------------------------------------|-----------------|
| Standards                                            | CE / UKCA       |
| Luminaire with limited surface temperature, "D sign" | No              |
| Ball shot safe                                       | No              |
| Replaceable light source (EPREL)                     | Not replaceable |

## Additional product data

|                |                               |
|----------------|-------------------------------|
| Product remark | Available from September 2025 |
|----------------|-------------------------------|

## EQUIPMENT / ACCESSORIES

- Mounting screws and dowels included

## Safety advice

- Luminaire must be disconnected from mains during installation, maintenance and cover removal
- Check wall-ceiling for suitability. If uncertain, seek professional advice.
- All electrical connections must be made by a qualified person.
- Caution, risk of electric shock.
- Product in protection class I. All electrically conductive, metallic housing parts that can absorb voltage during operation or during maintenance in the event of a fault must be continuously connected to the protective earthing conductor.
